## **ADDENDUM**

### **TERMS & CONDITIONS**

Amherst's G.S.T. Registration No.s are 100190198 and 100190222. Workplace Safety & Insurance numbers are 240431 P and 210236EB. Clearance can be provided upon request. Amherst maintains comprehensive insurance coverage. Certificates can be provided on request.

#### **Taxes:**

Any applicable taxes are extra. At the present time, Ontario Provincial Sales Tax is not applicable to equipment rented with an operator.

#### **Payment Terms:**

VISA, MASTERCARD and American Express accepted, or C.O.D. For established credit accounts: Net 30 Days from date of invoice. A late fee of .05% per day (19.5% per annum) will be levied on accounts not paid within terms. Fuel surcharges may be adjusted from time to time without notice.

Quoted prices are subject to availability of equipment. All quotations are valid for a period of 60 days, unless otherwise specified. Please reconfirm after that time. Due to fluctuation in the price of fuel, the surcharge added to your invoices may vary to recover any unexpected increase in costs.

Premium-Time costs are incurred when operators are required to work outside the usual working times of the day. The regular charge for equipment operators is included in our quoted rental rates, however, "Overtime" charges will apply to all hours worked or travelled in excess of eight hours per day, and before 7:00am and after 4:30pm, Monday to Friday, and all day on weekends and holidays, at an additional rate as noted in our regularly published rate list, or quotation.

Amherst makes every effort to provide fast and efficient service, however, we cannot accept responsibility for costs incurred by the customer for lost time or material due to failure of our equipment, inclement weather, strikes or lockouts or any circumstances beyond our control, nor for delays which may occur due to properties of the concrete which render it unpumpable.

The customer is responsible to provide clear access for equipment and crews. Rental rates will continue to apply during waiting time, and any towing costs are the responsibility of the customer. To avoid these costly delays, our sales personnel will assist you in locating a safe and clear working area for the machines. Please call in advance for a site inspection. Amherst can not be held responsible for any damage incurred by our heavy equipment to access or working areas, such as sidewalks, underground services or parking lots, sod or asphalt. Protective steel plates are available upon request, at an extra cost.

**THANK YOU FOR YOUR VALUED BUSINESS!**
